Our ref. : ISO 9001:2000

Dear Mr. Bhat, Dear Vinay and Priyanka,

You have been appointed by Imres b.v. and our daughter company Holden Medical b.v. to implement ISO 9001:2000. We take this opportunity to show our appreciations for the tremendous work you and your company has done for us to achieve this. The devotion to work and the enthusiastic and professional way you handled this deserves respect. Also the way you are able to motivate the people of Imres and Holden Medical was incredible.

Because of this performance we also approached you to take care for implementation of ISO in one of our other companies as well as taking care of CE-marking.

We are looking forward working with you together again and will recommend other companies to approach you for every service in the quality field.

Thanks again for the marvellous work you did !

Best regards,
IMRES b.v. and Holden Medical b.v.
