Dear Vinay

On behalf of the Board and senior management team here at Ruskinn, I would like to thank you and your team at Absolute Solutions for your excellent support and guidance in helping us obtain ISO 13485 status. Furthermore, we made such good progress as a company under your tutelage that we reached our goal of registering for CE certification for Ac-tive IVF sooner than planned. This was an added bonus.

I will not hesitate to recommend Absolute Solutions to anyone seeking ISO accreditation or CE/MDD consultancy or guidance.

I look forward to seeing you again when you come over for one of our Internal Audits sometime early 2009.

Kind regards,  
Yours sincerely,

Samir Patel
